GOVERNMENT COLLEGE(AUTONOMOUS), BHAWANIPATNA

Vol-III, Issue 03, 04, 05, 06 : May-December'2016

**Prof. J.N.Pradhan**

*Principal's Voice*

*It gives immense pleasure to me to publish Vol-III, Issue 3, 4 and 5 of IQAC Newsletter. The measures taken by UGC which is accepted by the Government of Odisha to maintain and assure internal quality and quality enhancement through IQAC is highly appreciable and welcome one. It has been observed throughout the nation that the chief objective of an educational institution are seems to be died down since the early part of 21<sup>st</sup> Century. A good number of academicians and scholars who happens to be the well wishers of higher education have suggested to rejuvenate the principal objective and to activate all sort of co-curricular and extra-curricular activities of an educational institution. The higher educational institution of the country are now playing prominent and significant role to achieve the objectives for which they have been trying their best to bear out the same and to universalize these by assuring transparency through the publication of Newsletter bimonthly. This programme is entirely dedicated for overall good for all in the era of good governance in the IT age. To stand our institution i.e. Government College(Autonomous), Bhanwanipatna as the icon or model for other colleges of the state as well as nation through ensuring quality rather than quantity assurance. My institution has already been undertaken several programmes as per the guidelines of UGC and instructions of State Government to promote potentiality of the youth so as they can cope with others and able to meet their hopes and expectation. In this process the dedication and devotion of my colleague is highly notable. They have been dedicating and devoting their time and energy fervently in imparting quality education and also in developing infrastructure as well as other academic related activities. I have no language to appreciate them. Simply conveying my gratitude is not enough. Frankly speaking I am very much thankful to my colleagues for their cooperation and assistance in publishing this remarkable newsletter which bears all the activities of the institution. To universalize all these activities (both academic and non-academic) and the implementation of government sponsored various developmental plans, projects and works and to ensure the transparency of all activities of our Institution, a "Newsletter" is generally published in interval of every two months.*

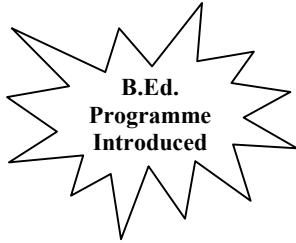

### **To enhance quality index profile of the institution under the guidance of Internal Quality Assurance Cell(IQAC)**

*Editor: Sri P.C.Dalai,*

*Associate Editor: Dr. D.C.Dash*
